

Telstroken tm 10 (Sinterklaas)

Pepernoten bakken

(10 stroken met antwoordkaartjes (verschillende getalbeelden))

Vorbereiding:

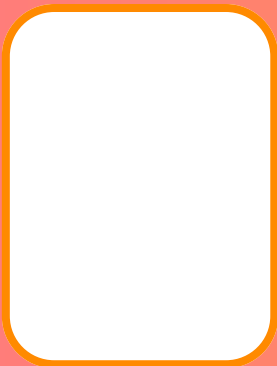

- print de bladen uit
- lamineer de bladen of plak de stroken en kaartjes op stevig papier
- knip de stroken en kaartjes uit

Leerdoelen:

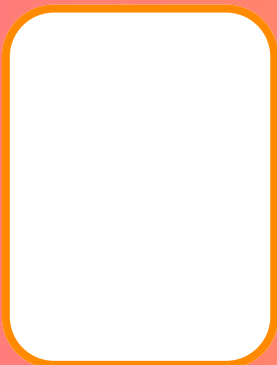

- resultatief tellen tot en met 10
- de getelde hoeveelheid pepernoten kunnen koppelen aan het getalbeeld:
cijfersymbolen/dominostenen/handen en vingers/lucifers

Gebruik:

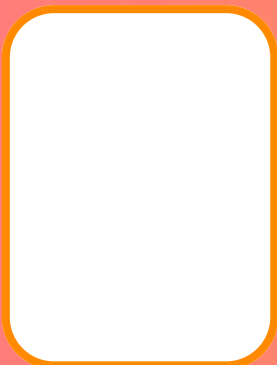

- Leg de stroken voor het kind klaar en bepaal welke antwoordkaartjes erbij worden gelegd (getallen, lucifers, handen en vingers of dominostenen).
- Het kind kiest een strook en telt het aantal pepernoten.
- Vervolgens zoekt het kind een bijpassend antwoordkaartje en legt deze op de strook.
